No problem, you can consider it closed from our collections.

Yes - I checked with Tammy and she confirmed that that is the correct RE number. Glad you found it. Is there any problem taking it off the listing?

Is the RE number 560 ONROG000024?

We are closing out the file number S/041/023 for Claim Stake Mining. Because of this action, we will forgive the company of all past due permit fees. Please kindly remove them from the collections listing.

Any questions, please contact me at 538-5291. Tammy will have the RE number if you need to refer to that.

Thank you for your help.
